

## 21m 23m 25m 29m 38m 45m Aerial Bucket Truck Mounted Aerial Working Platform Aerial Lift Truck With Bucket

Our Product Introduction

for more products please visit us on [concretepumpstrucks.com](http://concretepumpstrucks.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: JIUHE
- Certification: ISO CE
- Model Number: 21m 23m 25m 29m 38m 45m
- Minimum Order Quantity: 1
- Price: 20000USD-37000USD
- Delivery Time: 15 WORKING DAYS
- Payment Terms: L/C, T/T
- Supply Ability: 100SET

### Product Specification

- Model: 21m 23m 25m 29m 38m 45m
- Name: Aerial Platform Truck
- Highlight: 25m Truck Mounted Aerial Working Platform, aerial lift truck with Bucket, 21m aerial lift truck

### Product Description

21m 23m 25m 29m 38m 45m Aerial Bucket Truck Mounted Aerial Working Platform aerial lift truck with Bucket

#### Product Overview

JH/JIUHE 21m 23m 25m 29m 38m 45m Truck Mounted Aerial Working Platform with Bucket.

The new generation of small and light duty Aerial working platform from JIUHE is only 6m in length, ecology green and saving energy. Big span of double-level horizontal legs can be regulated separately with good adaptability to the work conditions. Equal volume cylinder make sure that work platform is always horizontal. The machine is equipped with remote control equipment, has the function of stowing vehicle with one key, easy to operate.

In addition, it is quite convenient for operation of the machine on the narrow road because of its unilateral operation function. mutual lock function and soft leg protection function make sure that operation is safe, supply emergency electric pump that is used to stow work equipment in an emergency.

#### FEATURES AT A GLANCE

Product Highlights: (1) safe and reliable, easy to operate Imported key parts ensure reliable operation. Four stabilizers can be controlled separately, with high adaptability. Boom action and

Our Product Introduction

legs action with mutual locking, legs is restricted to move when the boom is moving. Soft leg protection ensure safe operation, boom is restricted to slew when horizontal leg is not extended, but lifting is not limited. To ensure safety operation, it is equipped with an emergency power system. (2) beautiful and comfortable The overall dimensions have obvious advantage in the same industry, small, fast and agile. (3) high configuration, high cost performance The unit is equipped with imported key parts, overall structure use high strength plate, safe and reliable, can meet the needs of user with good cost performance.
